

## Medicine's Journey Through Ignorance, Bigotry, Poverty, and Politics to America's Uninsured: Historically Based Solutions for Today's Healthcare Problems (Paperback)

Filesize: 8.88 MB

### Reviews

*Thorough guideline! Its this type of good read. It is really simplistic but shocks from the 50 percent from the publication. It is extremely difficult to leave it before concluding, once you begin to read the book.*

*(Sallie Wiegand)*

## **MEDICINE S JOURNEY THROUGH IGNORANCE, BIGOTRY, POVERTY, AND POLITICS TO AMERICA S UNINSURED: HISTORICALLY BASED SOLUTIONS FOR TODAY S HEALTHCARE PROBLEMS (PAPERBACK)**

Larry N. Smith, #M.D., United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The American Healthcare system is at a crossroads. On the eve of sweeping health reform, the United States is preparing to embark on the largest expansion of health insurance in its history while simultaneously trying to recover from the slowest period of economic expansion. The economic and political stakes of health policy could not be higher. As the baby boomer population continues to enter the Medicare eligibility phase of their lives, scarcity of physicians and hospital care could reverse the improvements in quality of life enjoyed by Americans for over a century. How did America get to this point? Was it a random set of events? Could the current health care crisis that drove the first comprehensive health reform initiative been avoided? Seeking answers to these questions, Physician Larry N. Smith, M.D. and Professor of Health Finance Stephen T. Parente, Ph.D. review the historic moments that drove the field of medicine from ancient health art to the modern industrial colossus it has become in Medicine s Journey through Ignorance, Bigotry, Poverty, and Politics to America s Uninsured: Historically Based Solutions for Today s Healthcare Problems. Representing the medical and economic professions Smith and Parente offer a unique, research-backed view of the way health care has changed over the centuries. Beginning with Hippocrates foundations of Western medicine in ancient Greece, the authors carry the reader through the centuries to 20th century America, where a progressive movement pushed government to play a central role in health care delivery. The rich history of the battle for health reform spanning over 100 years, reveals the political undercurrents that ultimately made possible the social and political conditions that enabled the...
