ALGONQUIN BOOKS OF CHAPEL HILL, United States, 2008. Paperback. Book Condition: New. 206 x 140 mm. Language: English . Brand New Book. Is it possible to drive coast-to-coast without stopping at a single gas pump? Journalist Greg Melville is determined to try. With his college buddy Iggy riding shotgun, this green-thinking guy--who s in love with the idea of free fuel--sets out on an enlightening road trip. The quest: to be the first people to drive cross-country in a french-fry car. Will they make it from Vermont to California in a beat-up 1985 Mercedes diesel station wagon powered on vegetable oil collected from restaurant grease Dumpsters along the way? More important, can two guys survive 192 consecutive hours together? Their expedition on and off the road includes visits to the solar-powered Google headquarters; the National Ethanol Council; the wind turbines of southwestern Minnesota; the National Renewable Energy Lab; a visit to one of the first houses to receive platinum certification for leadership in Energy and Environmental Design (LEED); an eco-friendly Wal-Mart; and the world s largest geothermal heating system. Part adventure and part investigation of what we re doing (or not doing) to preserve the planet, Greasy Rider is upbeat, funny, and full of surprising information about sustainable measures that are within our reach.
