### ***Reviews***

*It is one of my personal favorite publications. Indeed, it actually performs, still an amazing and interesting literature. It has been printed in an exceptionally easy way which is merely soon after I finished reading this book where it really altered me, changing the way I believe.*

John Wiley and Sons Ltd, United Kingdom, 2014. Hardback. Book Condition: New. 3rd Revised edition. 278 x 214 mm. Language: English . Brand New Book. Bone Marrow Diagnosis, Third Edition, is an essential resource for pathologists and haematologists who need to report bone marrow trephine biopsies. Practical and highly illustrated this edition has been comprehensively updated whilst remaining succinct and concentrating on the core information necessary to make an accurate diagnosis. The text provides comparisons of the common methods of sample collection, fixation and staining, and a clear description of how to examine a trephine section. Applying a consistent approach, the chapters cover the range of disorders of bone marrow, discussing the clinical features, histopathology of bone marrow and diagnostic problems of each condition. Each chapter closes with a summary of key points and each diagnostic entity is accompanied by high quality images, over 900 in all, showing typical and more unusual examples of histological features. This compact text, oriented at diagnosis and comprehensively accompanied by usable illustrations, is an invaluable reference tool for the trainee and practicing histopathologists, pathologists and haematologists. \* A practical guide aimed at allowing a busy pathologist to easily find the essential description and illustration of the most common bone marrow diseases seen in trephines \* Covers new treatment for chronic myeloid leukaemia, B-cell lymphoma and antibody treatments \* High quality colour images accompany each diagnostic entity \* Coverage of cytology in sections relating to myeloid dysplasias and acute leukaemias \* Addresses lymphoma categorization and individual lymphoma entities \* Incorporates new WHO classifications of lymphomas and leukaemias.
