Creative Guy Publishing, Canada, 2013. Paperback. Book Condition: New. 198 x 129 mm. Language: English . Brand New Book ***** Print on Demand *****. When Lee Dritson awakes on 7-22, he s not too sure what to expect, whether green skies, strange all-knowing Mrs. Robinsons, or guest lectures from the Venerable or even the Honorable, Bede, or any combination of these, on any given 7-22. and if there s something he should be remembering, just on the tip of his. memory? Understanding? Well, luckily there s a few folks around to help him write the thoughts. . .this story doesn t just move, it sprints and red-shifts, and then backtracks sometimes in the damnedest way you ve ever seen. There s a smartass computer who could be HAL s clownish second cousin; there are dungeons; there are torturers; there is torture (but not all what you d expect); whether or not there is romance is something I m still not sure of, so that ll be your call; and, yes, Tazmanian tigers. Very important. (from the introduction by Gary A. Braunbeck).
