Springer Publishing Company. Paperback. Book Condition: New. Paperback. 320 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. Dr. Parnell has captured the essence of health literacy and cultural competence, not only for nurses, but also applicable to all care providers and community workers. and provides us with a road map to enhance our success through health literacy and cultural competence. This is a must read for all health professionals. -Richard H. Carmona, MD, MPH, FACS (From the Foreword) 17th Surgeon General of the United States (2002-2006) Distinguished Professor, University of Arizona Promoting the health literacy of patients across all settings is an essential component of prevention, wellness, and effective medical treatment. This health literacy textbook provides an overview of health literacy, discusses the magnitude of the issue, and explains implications of low health literacy. It details strategies to enhance effective communication between patients and nursing practitioners. Through case-based examples, this textbook and clinical guide assists nurses in developing the requisite skills needed to communicate effectively so that patients can truly make informed health decisions and enhance health outcomes. Health Literacy in Nursing promotes verbal and written communication strategies that nurses can use to effectively meet the individualized needs of an increasingly diverse patient population in an effort to enhance patient-provider communication across the entire continuum of care. It provides strategies for creating culturally appropriate written materials in plain language that patients can read and follow when they arrive home. Nursing professionals can build upon the basic tools offered in the text throughout their career to stay abreast of methods to effectively communicate and educate a culturally and linguistically diverse demographic. Additionally, the material can easily be incorporated into course content regarding unique populations (pediatrics, older adults, research participants, and those managing mental health and end-of-life care decisions) for whom health literacy...
