Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from John Stevens: An American Record Every pioneer is, by definition, the first in his field, the breaker of fresh ground, and the sower of seed. Usually, his energies are confined to one chosen field and rarely does he live to see it come to fruit. John Stevens worked in a dozen fields, not always reaching the end of the furrow but almost unfailingly foreseeing that end. Moreover, just a century ago, when he was eighty, he saw his two brightest dreams come true. The Stevens steamboats were then the fastest in this country and the great era of American railroad building was at last fairly begun. It detracts nothing from his farsightedness that it should have required this additional century for men of to-day to learn how to accomplish the engineering triumphs that he was not afraid to attempt. Behind him, he left an amazing collection of private letters, essays, drawings, patents, maps, deeds, and contemporary newspapers, all covering not only his own days but also those of his father and his grandfather. There are...
