Malaria prevention and control are major foreign assistance objectives of the U.S. Government (USG). The purpose of this Malaria Operational Plan (MOP) is to provide a framework and a rationale for nominating and supporting malaria prevention and control projects in Ethiopia with FY 2014 funding to accomplish the USG's foreign assistance objectives through the President's Malaria Initiative (PMI) in the context of the Global Health Initiative (GHI). Through the GHI, the USG will help partner countries improve health outcomes, with a particular focus on improving the health of women, newborns, and children. The MOP process for PMI Year 7 (FY 2014) considers information from the Ethiopian Federal Ministry of Health (FMOH), Regional Health Bureaus including the Oromia Regional Health Bureau (ORHB), international malaria program donors including the Global Fund to Fight AIDS, Tuberculosis and Malaria (Global Fund), malaria subject matter experts, and other malaria program stakeholders about the malaria situation, and the malaria control program capacities and gaps in Ethiopia. The President's Malaria Initiative is a core component of the GHI, along with health programs for HIV/AIDS and Tuberculosis; PMI was launched in June 2005 to rapidly scale up malaria prevention and treatment interventions and reduce malaria-related mortality by 50% in selected high-burden countries in sub-Saharan Africa. Other PMI goals include removing malaria as a major public health problem, promoting development in the Africa region, strengthening malaria control activities, and containing the spread of antimalarial drug resistance. The programming of PMI activities follows the core principles of GHI: encouraging country ownership and investing in country-led plans and health systems; increasing impact and efficiency through strategic coordination and programmatic integration; strengthening and leveraging key partnerships, multilateral...
