Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Fatty Foods: Their Practical Examination, a Handbook for the Use of Analytical and Technical Chemists In no department of analytical chemistry is greater difficulty experienced than in that which deals with the examination of natural food-products. Of these food-products perhaps none present so much diversity in natural composition as do the oils and fats. This diversity of character, combined with a marked similarity of constitution, and, in consequence, bearing with it the greatest difficulty of resolution, has made the analysis of oils and fats both prolific of method and uncertain in result. Unfortunately the wide variations which pure oils and fats show in rare instances are often made so much of that a feeling of great uncertainty is raised in the mind, of the more casual investigator as to the reliance he may put on the analytical indications to be obtained - a feeling which would not be shared by the expert in the field. We have, therefore, endeavoured to present certain methods of examination of edible oils and fats and such technical details as...
